

Energy Services Coalition -- May 8, 2020

Dear Friends,
The health and safety of our attendees, members and sponsors is a top priority for the Energy Services Coalition. Due to current circumstances, the 9th Annual ESC Market Transformation Conference in Austin, Texas on October 27 and 28, 2020 has been canceled.

The ESC is exploring options to hold the conference in September of 2021 and we look forward to welcoming you to Austin next year. We remain committed to our mission of providing education on the benefits of GESPC and in the coming weeks we will be launching new education and outreach efforts for members and stakeholders .

We are all going through this together and we will get through this stronger and be better able to provide the benefits of, and education on, the use of Guaranteed Energy Savings Performance Contracting (GESPC) by state and local governments.

Thank you for your understanding and patience as we navigate this unprecedented crisis in real time.
We wish you good health, and thank you for your support of the ESC.

Jim Arwood
Executive Director
Energy Services Coalition
