

4th Annual ESC Market Transformation Conference

August 31 – September 2
Charlotte, North Carolina

ESPC

offers considerable opportunity to advance energy efficiency

Session 1: Market Transformation through Leadership

The Energy Savings Performance Contracting market exceeds \$5 billion a year with 70 percent of this activity taking place in the state and local public building sector. The 4th Annual Energy Services Coalition Market Transformation Conference will kick-off with a session examining the multi-billion dollar ESPC market and the initiatives being developed or refined to meet state energy and environmental objectives.

Regardless of your role in procuring or providing

in the public sector.

Government policies, rules and regulations have a significant impact on the ability to seize these opportunities.

energy efficiency solutions, understanding the policies and incentives that are driving demand for energy savings performance contracting and building energy retrofits is crucial to your operations.
